## **THE BRIEF**

### **ARMORY ARTS WEEK**

The Armory Show anchors a host of fairs- including the ADAA Art Show, Independent, and Pulse- in New York this month. Boasting a redesigned floor plan that features expanded exhibitor booths and lounge areas, the Armory has also added two curated sections. Focus displays sociopolitically engaged work by twelve artists, including Deana Lawson and Ibrahim Mahama, while Platform highlights large-scale artworks by the likes of Patricia Cronin and Iván Navarro.
